Revised submissions and revision control log

If an institution has identified required adjustments **subsequent** to DOA's acceptance of the original submission, a revised attachment or supplemental information/additional information is required except as noted below. Some attachments include a revision control log (RCL) tab to document revisions to an original submission. Refer to the individual attachment instructions for specific revision instructions.

Exception: Institutions must ensure that all efforts have been made to submit a complete and accurate Attachment HE-10, Financial Statement Template. However, if the institution discovers an unexpected error in the Attachment HE-10 after the submission that is either **greater than \$9.9 million* or a correction is required by the institution's auditor regardless of the dollar amount**, an "Error discovered after template submission" e-mail must be sent to DOA and APA to notify DOA and APA of the errors and corrections needed. See the "Errors discovered after submission" section of the instructions to the Attachment HE-10 for guidance and additional information to include in the e-mail. (*Note: If an unexpected error requires a correcting AJE for individual line items less than \$9.9 million each but the total correcting AJE debit/credit amount exceeds \$9.9 million, this meets the scope. Institutions must also track adjustments between the financial statements and the HE-10, and if the aggregated total amount exceeds \$9.9 million, this meets the scope. In addition, if corrections are needed to footnote/informational tabs for individual line items that are less than \$9.9 million each but in total exceeds \$9.9 million, this meets the scope.) These emails should be sent as soon as possible and no later than **October 8**.
